MY SCHOOLS NETWORK

It is a safe educational platform where we can involve our students so that they can effectively use the universal language English in international platforms and improve their language skills by communicating with their peers from various countries. It is also a world-class learning laboratory that facilitates the exchange of knowledge and experience.

MY SCHOOLS NETWORK

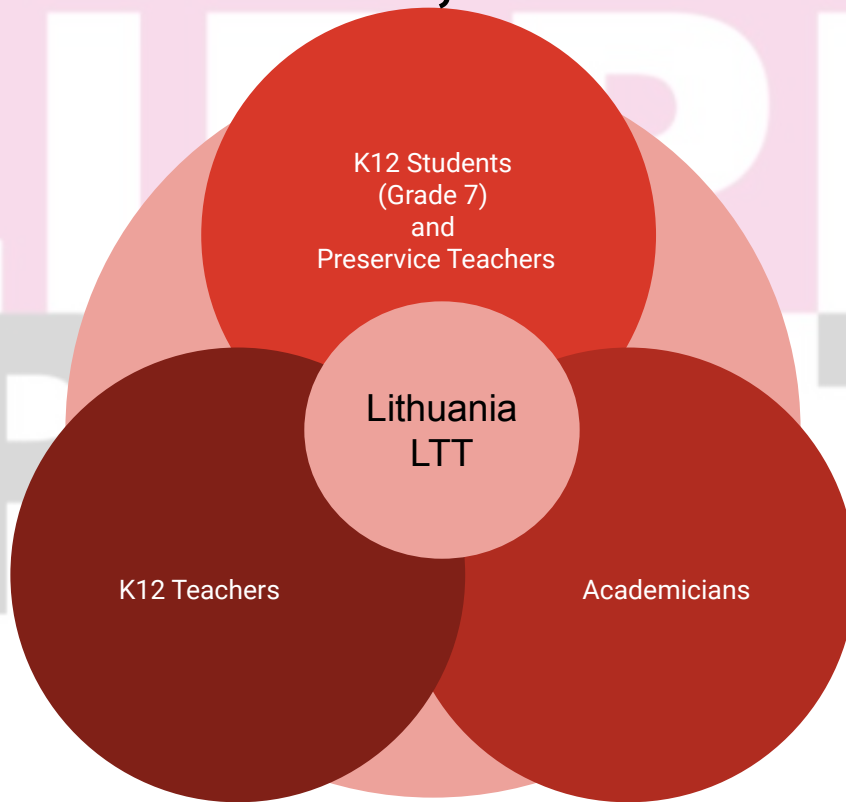

How can students use this platform?

- They can create and edit their profiles.
- They can post their post links on their homepage and send messages to other users.
- They can participate in any of the monthly events, individually or as a group.
- They can participate in the Big Event, the project competition held twice a year.
- They can be involved in the project called "My Schools Network at Home", which is organized to support distance education and make it more fun.
- They can communicate with their peers from all over the world.

HOW DO WE CONTINUE TO THE PROJECT IN THIS YEAR?

- ★ There will be no physical mobility activities due to COVID-19 in the 2020-2021 academic year.
- ★ Mobility activities will be organized online in order to maintain the intercultural interaction between K-12 students and teacher candidates in the project.
- ★ A video conference will be held with the participation of our partners K12 students and students.

HOW DO WE CONTINUE TO THE PROJECT IN THIS YEAR?

- ★ Flipped lessons will continue to be planned and implemented by our prospective teachers working in the project. These lessons will be applied online every two weeks, lesson plans will be checked before the application, and feedback will be given after the lesson.

HOW DO WE CONTINUE TO THE PROJECT IN THIS YEAR?

- ★ Data collection will continue for the article, which will be one of the products that will emerge at the end of the project:
 - ** Data from Flipped lessons with K12 students will be collected together with the project partners,
 - ** Flipped Impact Project Classroom Participation Inventory will be created with K-12 students,
 - ** Questionnaires will be applied to K12 teachers and pre-service teachers (pre-service teachers) involved in the project and the results of the surveys will be evaluated,
- ★ The preparatory work for Flipped Kit, another product of our project, will continue.

Thank you for listening...
